What is Compel's role in the Hedra Consortium?

Compel is the Consortium's partner for Oracle E-Business solutions. It is the only UK company to be accredited with Certified Advantage Partner status for both Oracle technology and Oracle E-Business Suite. Compel has delivered over 350 Oracle projects and has recently acquired a leading Peoplesoft consultancy.

About Compel

Compel's aim is simple; to develop, implement, build and support business applications that will create a genuine business edge for our clients.

Compel has over 100 consultants dedicated to developing, implementing and supporting business solutions based on Oracle. Oracle has the ability to design, build, implement and support IT business systems – the complete project lifecycle.

Compel is a leading Oracle Partner - the first UK company to be credited with Certified Advantage Partner status for both Oracle Technology and Oracle E-Business Suite.
